Harold Weisberg  
Frederick, Maryland

Harold,

This letter is just to let you know that I have ceased to work and have any contact with Harrison Edward Livingstone. I just found out some of the things that he has been doing and I want no part of it. I sincerely apologize for his behavior.

In light of the following facts I have terminated all contact with Harry and I have formally notified him of the reasons:

1) Harry apparently is continuing to harass you by mail. I have spoken to him about this and have even advised him to re-evaluate the information that he has about you. According to him, Mark Crouch is the person who has given him the majority of the information. I don't know that this is true but he got it from someone.

2) Harry has apparently written and/or called several persons and told them that the Baltimore Police Department is conducting an official investigation into the Kennedy Assassination with him. I can assure you that this is not the case. We do not have nor ever had, jurisdiction in this case and I can safely say we never will have jurisdiction. These statements by Harry, which came to me via a reliable source, violate my agreement with him and are contrary to professional and ethical conduct and they cannot be

permitted.

3) This third book has turned away from the assassination and now appears to be aimed at attacking the researchers. I want no part of this. I have never seen even one piece of evidence that you, Mary Ferrell, Gary Shaw or Gary Mack were involved either directly or indirectly. I have sent him a letter detailing why I feel his information is flawed and should not be printed. I am even considering writing to Carroll and Graf myself and asking that they remove any negative references to the researchers and detail the reasons. They should listen to me since I was a researcher for the book.

4) Harry has continued harassing Mary Ferrell. I told him that he is wrong about her and to leave her alone but I just found out that he is at it again.

Once again I sincerely apologize for what Harry has done and I assure you that I will do everything in my power to stop him from harming innocent people such as yourself.

I have enclosed my letter officially ending my work with Harry. The letter detailing the reasons is not enclosed due to the nature and content.

Respectfully,

RICHARD L. WAYBRIGHT JR.
