Dear Raphaela,

I've been sent a copy of the PW 3/20/95 unfavorable review of Mailer's book so please do not take any time to copy and mail it.

This review fortifies my belief that with luck there might be some interest in what I've had to lay aside temporarily but what I think will be more than merely interesting on Mailer and that scumbag of an "associate" Schiller.

By, if only one of Mailer's earlier publishers has a di~~al~~like of him! Could he enjoy what I've already done and there will be more!

This review adds to my belief based on what I have that the deliberateness of Mailer's dishonesty in his book will be overwhelming. It identifies some of Mailer's sources -that I have and he used ~~selectively~~ selectively. He omitted what exposes his ~~bad~~ writing as deliberately fraudulent. So I know what he suppressed to have his pathetic book.

If you can get a copy please do and tell me the cost. It was not in the local Walden's yesterday because I checked.

Schiller is a professional scavenger but to call him that is to defame hyenas and vultures, he is ~~that~~ terrible a person. He finked for the FBI and I have the defamations he gave them in alleging two women and two men were homosexuals. Falsely.

Among the stupid things Mailer said lately is that the assassination evidence is "impenetrable." What a better reason to use some of that evidence, like what was omitted from Case Open!

I am anxious to be ~~able~~ able to read his book in what time I have for reading but I do not want you to put yourself out to get it. If you can get it without any real trouble that will be helpful. But if it means trouble, please do not take the time.

I have more than enough to keep me busy but I would like to be reading it as soon as I can. Also, I've become a very slow reader.

I hope all is going well.

Thanks and best wishes,

Harold
