Dear Raphaela,

Thanks for the fine review. Where did it appear?

Hart Sahl's reaction might be quite interesting. I've not seen him since 1968. I understand he has changed much.

I suppose that John Hooney has sent the review copies I suggested when he asked.

If he has not I hope they can go soon. Two in particular. One is Rabbi S.M. Silver, 2475 West Atlantic ave., Delray Beach, FL 33445. He'll propose a review to the nearby Palm Beach papers that know him well and quite possibly to Jewish papers. The other is Dr. Gerard Cinocchio, 591 Lucerne Dr., Spartanburg, SC 29502. He is a professor of sociology, he'll offer a review in his area and he has already, without seeing it but having heard of it, proposed using Case Open in his teaching.

I'm sorry nobody had taken the time to send what I've asked for repeatedly, a week ago of Hooney, ^{any} kind of announcement of either book that I can insert in my mail to call them to the attention of those who write me. They'll then know that they can get it at their bookstore.

I have another request from a professor for the full ms for use in teaching. I'll have the copy made when I have it all. Thanks for your time and effort with it.

As I wrote Peter this morning, the books that were to have been sent me for me to put them to use have not yet come.

If anyone there keeps track of such things I'd like to know the sale of Posner's slop. I have had the impression from the first that the sale is less than he and RH hoped for.

Of course I've heard nothing from him, nor have I heard any comment attributed to him. I think he'll prefer to be silent as long as he can, in public at least.

Thanks and best wishes,

April 14, 1994

Dear Harold:

Enclosed are 3 copies of the first review received here. It's wonderful.

I sent Case Open to Mort Sahl the other day. It will be interesting to see his response. As soon as anything comes in I'll send it to you immediately.

When I can get my turn at the computer I continue to enter the original manuscript for you. Others use the computer so it's a little difficult, but I'll be sending more chapters to you next week.

Love,

A handwritten signature in cursive script, appearing to read "Raphael".

CASE OPEN

by Harold Weisberg

Book review by James Wasserman

Harold Weisberg, the Grand Master of the Kennedy Assassination has written a brilliant analysis and debunking of the Establishment's latest disinformation campaign, the widely acclaimed viper pit CASE CLOSED by Gerald Posner.

As if the horror of the coup d'etat which ripped through this nation's psyche 30 years ago were not enough, the recent flap over Posner's book was enough to make any sane, freedom-loving individual sick with grief. US News & World Report devoted over 40 pages (1) to proselytizing the book. Time and Newsweek couldn't fall over themselves fast enough for cover treatments. Television, Radio, and Newspapers were congratulating themselves and Posner so enthusiastically, even a paranoid might not be considered crazy if he wondered about the media's role in the cover-up.

Weisberg at 80 years old and in failing health, is in the stage of life when only the most important issues can compel the passion, energy, and attention he has summoned to slay this multi-headed dragon once again. Thoroughly documenting each swipe he takes, Weisberg reduces The Wall Street Lackey to his true stature, that of a lying, deceptive, non-scholar, who ruthlessly and shamelessly distorts the truth about the greatest national tragedy of the twentieth century. Weisberg further eloquently questions and castigates the unprecedented and undeserved acclaim Posner's hack job received from the very same media who brought us the 30 Year Coverup.

I cannot possibly do justice to the wealth of information Weisberg reels off as if from his fingertips to buttress and document each criticism of Posner. But I share his love of Liberty and commitment to truth, "Our society can work as intended by our Founding Fathers, those who to me were the greatest political thinkers in history, only when the people are informed truthfully and accurately."

Carrol and Graf and Richard Galen are to be congratulated and thanked for the courage and patriotism they have demonstrated by publishing this book. I couldn't put it down. Upon finishing it, I immediately leapt into SELECTIONS FROM WHITEWASH, Carrol & Graf's latest compilation of Weisberg's extraordinary erudition on this crucial subject.
