To whom it may concern,

My name is Scott Wilson. I reside at 78 Toronto Avenue, Massapequa, NY 11758.

For several years now, I've closely studied the assassination of President John Kennedy. I have some questions on this topic and if they could be answered I'd be grateful.

First and foremost, could you tell me what if anything is being published on the assassination this year? If anything is being published I'd also like to know when it is being done.

My other questions concern the book Case Open by Harold Weisberg. I am curious to know why this book was published with no Table of Contents, no Index and why there are 12 blank pages at the end instead of an Index. I have never seen a book published this way before and I'm very curious to know why this book was published this way. I would also like to know who edited Case Opn. Can you give me a generalized explanation on how this book was edited and why it was edited in the way that it was.

I would sincerely appreciate a written response to the questions in this letter.

Sincerely,

Scott Wilson
