

Ted Gaudin's phone from Michigan to say that aft. Will Fritz's
family has the tapes he made secretly of 12 hrs of the 14 hrs of
Dewald mt Wagoner. Dewald said he worked on OMI, CIA & FBI
and gave the names of those who handled (?) him. To be disclosed
in 3-4 weeks, he is telling only Lane and me with family
permission. A senator or a congressman to be involved in the
disclosure of the tapes. I am to be further informed by an "WH-
ot-the-dee" memo, I think ^{clear} closer to time of disclosure (I wonder
why a 3-4 week delay?) I hope this is no some kind of trick but
I did not ask any question.
