February 22, 1978

Dear Miss Burke,

As a result of our two recent phone conversations, (one today), we are aware of what many private long-time researchers, myself included, all in reference to what we allege are definite cover-up practices which Chief Counsel of the House Select Committee On Assassinations, Mr. Robert Blakey, is effectuating within that committee, practices, we assert, which are designed to suppress the TRUTH from the American people about the massive, overwhelming evidence which now has been obtained by researchers and investigators on the Select Committee On Assassinations, evidence which PROVES BEYOND DOUBT that conspiracies were DEFINITELY INVOLVED in the murders of Martin Luther King, Jr. and President John F. Kennedy. As I discussed with you today, Clifford Penton, an investigator on the Select Committee, among others, has been apprised of conclusive evidence of conspiracy in the JFK assassination by former New Orleans District Attorney Jim Garrison. Also, there have been spectrographic and neutron activation analysis of not only the bullet slug recovered from Dr. King but also of the bullet fragments relating to the JFK assassination, ~~tests~~ tests which HAVE BEEN performed and conducted by and for the Select Committee, and these test results PROVE CONCLUSIVELY that BOTH King and President Kennedy were assassinated as a result of a DEFINITE CONSPIRACY. But even though this is a fact, page eight of the "Report Of The Select Committee On Assassinations" dated January 25, 1978 states, and I quote, "both the Kennedy and King investigations, a careful analysis of all the forensic and scientific evidence available IS BEING CONDUCTED"... when, in point of fact, these tests have ALREADY been conducted and the results, which PROVE conspiracy, are being SUPPRESSED, due largely, if not entirely, to the COVER-UP practices of chief counsel Robert Blakey. I think that, as a member of that committee, you are obliged to investigate this matter relating to, not only these expressions of evidence by Mr. Blakey, but also to call this extremely important matter to the immediate attention of EVERY MEMBER of the Select Committee. It is definitely incumbent upon you to do so at this time, in the interests of TRUTH, HONOR AND JUSTICE and, to fail to do so, you would be committing a DISSERVICE to not only your constituents, but to the people of this ENTIRE country in their quest to elicit THE TRUTH about the assassinations of Dr. King and President Kennedy. Enclosed in this package (Registered) you'll find many letters and cablegrams which have sent directly to me as a result of a general radio and television shows I've recently appeared on with the expressed purpose of EXPOSING Robert Blakey's clandestine, covert and odious practices and intentions of suppressing the evidence and the truth about these cases. There have been many more communications directly sent to Chairman Louis Brandeis by the many people I've spoken to on these radio and TV shows. There will be many more to come. I also enclose an article written by myself which relates to the JFK assassination. As a 14 year researcher, I am dedicated to ending a repetition of the perpetuation of the COVER-UP which was originally perpetrated by the Warren Commission in the JFK case and the Justice Dept. in the King case, and I would hope this letter is circulated to EVERY member of the Select Committee, and that this matter is brought to the immediate attention of Robert Blakey as well. I will be awaiting your, I hope soon, reply.

Respectfully yours,
