Dear Ted,

I can't tell when your 4/28, here today, was mailed because the post office took offense at your reusing a stamp and didn't cancel it.

As you gathered, I was both surprised and disappointed not hearing from you. Phil says that there have been many complaints about big chunks of mail not being delivered in several places. On your tapes, you can insure for up to \$50 for 75¢.

I'd asked you about the shows you can contact that can air me by phone during the unusual hours I now have to keep. To be abed by 6 pm. But I'm up too early and as can, for example, do late-night west-coast as shows. Some of them go on after I'm up. Usually about 1 am but it then takes a little time for me to get going as well as I now can. I know there are daytime talk shows in NY and those I hope you can make some arrangements with. My Case Open, about 20-25 % of what I wrote, is out about a month now and they've not arranged a single show. It does a job of Posner, so well that the publisher figured they could cut the rest, which does even more of a job on him, out entirely. Of course I can do interview shows that are taped. My limited supply of copies gone.

While I did not believe that Oliver Stone would want to have anything to do with me because I am responsible for the publicity that made it clear his JFK is not non-fiction as he said (and without that he had a right to say anything he wanted to say) Because I think he has an ax to grind with Posner I wrote Fusconi and told her that the book is out and that if Stone is interested he can have the part that was not published. If my letter had gone by retarded snails she had it by now and with her usual politeness, which I recall from the past, she has said nothing. She could have decided not to tell him or he could have decided he is not interested. They spent so much time with phonies and fourflushers who are really subject-matter ignoramuses they are lost in their own sublime ignorance. They, too, really know nothing about the facts. I'm sure Stone would be even more interested in my NEVER AGAIN! that as of my last knowledge is due in September but I won't waste more time on those people who are so much more important than mere mortals.

I have no confidence at all in this supposed new Ray stuff, really do not believe it and from what I know it does not check out with the existing fact. But then to most nothing is more irrelevant than established fact when they can be Perry Masons. I have not tried to keep up with it. I know some of the people supposedly involved, interviewed them long ago and they then indicated none of the new trash. Why they pulled this I do not even try to guess. His lawyer, Bill Pepper, formerly a friend of Mark Lane, is now practising in London and living in England. Bright guy but off on chasing wild geese. If they present at the hearing what was in the paper, they bury Ray deeper than Lane did. Like crying wolf. If they get something the courts then will ignore it. Best, Hand

Dear Harold,

I have just today received your letter in which you are quite pissed-off for something I know absolutely NOTHING ABOUT! I let Anita read it too and we both think that you have sent me a letter which I NEVER RECEIVED!! You say that I, "to respond to the simple questions I asked you about radio talk-shows that might use my response to Posner and his dishonest book". That's what you just now wrote me(???) Harold, I NEVER RECEIVED ANY LETTER FROM YOU REGARDING THIS AT ALL!! So we agree that you must have sent me a letter about this which I NEVER HAVE RECEIVED!! You should know me better to KNOW that if I HAD received such a letter/request from you I would have done that which you asked me to do immediately and undeniably!! Such is my respect for you. But AGAIN, I NEVER RECEIVED THAT LETTER FROM YOU AT ALL!! So I couldn't, naturally, understand what you now wrote me about, obviously. If, regarding this (above) what you wrote me that I NEVER RECEIVED, but anyway, if you still need my help in whatever matter re radio talk-shows/Posner...if you still need my help please let me know as soon as possible and I guarantee you that I will do my best to assist you with it, Harold. I know that some of my mail has been fucked with as I'm sending out tapes and my book, etc, to many people who have, and are, ordering them from me and then I get letters saying they never received that which I definitely sent to them so I guess you can credit the FBI/CIA for doing this to me. Please let me know what you request from me and I will immediately comply. OK??..OK!! Please, also, in your hopefully soon letter to me explaining/reiterating you request/s please also let me know what I wrote/asked you about re the news I and Anita heard on radio & TV..I.E. What about this news story about J.E. Ray getting a trial. I'd be most appreciative if you would let me know what you know about this story we have just recently heard about on radio & TV.

Hoping to hear from you soon, I remain,

Sincerely yours,

Ted.
