

5/8/68

Dear Lou,

Just got back from Detroit and I'll not be able to do much more tonight. I have just finished checking the tape of the Pena interview against the typescript and, in most cases, filling in the blanks, correcting names, etc.

I will not read it and punctuate it. If I can get it done by the time I see Jim and give him this, you'll know. If not, I'll get it done within a day or so and will mail.

However, there are no transcripts of the cassette tapes with Everisto Rodriguez and Ophelia. Do not mail them, for I'll not be able to do anything on them until I return from New Orleans. What I would suggest is that you locate them. They will be murder to transcribe, I would say after hearing the Pena tape. Perhaps I ought to just go over them and paraphrase them. I can do them both, I think, in a day. They do have important knowledge on them.

Sincerely,

Harold Weisberg
