Dear Jim,

Art tells me that last Friday Jensen and Bradley turned up for the Hall show-cause hearing. Thereafter A and J had a phone conversation during which J told A that last Thursday, 1/25, Dick Billings, Larry Schiller and another Lifer went to Bradleys and in the presence of Jensen showed B some 22 pictures, including the Bingo picture. Friday they met again with Jensen in Billings' room at the Beverly-Wilshire. At that time S wanted to take some Bingo pictures duplicating the 3/4 face, etc. Jensen would not permit unless he could get a copy of the picture, showing the Bingo. A was shocked and could not understand. B would not part with a copy of the Bingo picture. B and J had had knowledge of the picture but hadn't actually seen it. Life apparently has been showing it all over. According to Jensen, Billings said, "What will you do for us?" J asked what he meant and B said to let Schiller shoot some pictures duplicating. Jensen refused.

I've not had a chance to dub the Davis tape but will. I've had another letter from the preacher who knew Ferris, which I'll copy and enclose, and a copy of a "paper" that he seems to think is pertinent.

If you know anything of a James D. Hurt, of Raleigh, I'd like to know.

Sincerely,
