Deer Tom.

Here is the document-exhibit list. Sorry mp only legel-sized paper is too old, but it is the best I can do. These sheets are too long for the usual paper/

A few are overexposed. The only places I think you might have had trouble making out the numbers I have written the in. If there are any others, passibly you can fix this copy up by borrowing ohnsons.

Sorry I could do not better.

Yours,
