Dear Lynn:

Enclosed are copies of two articles on Cuban groups. I remembered the name of one incorrectly and told Jim the published CIA contribution was to The Friends of Cuba. It was to the Cuba Freedom Committee.

I told Jim I thought he should ask Dellas for the Hall-Seymour pictures referred to in Chapter 7 of WHITEWASH II. Enclosed are copies of my correspondence with Henry Wade and the police. I think you should have pictures of these two, plus Howard, which the FBI has, to show prospective witnesses. When I send Jim the manuscript of my new book, which I will very shortly, he will have the descriptions. I am snowed under more than ever and will not immediately copy eny of my files that you do not urgently need. Before I come down again, though, I will copy these reports and others.

I have initiated the inquiries about the other author and his work and career. I will let you know if and when I hear anything.

In two weeks I will be in New York and may be able to do more.

Separately I am sending you a tape the return of which I would appreciate when you have finished with it, if it is of any use to you. The first item on the first side reflects the continuing interferences in a new field. I am making a series of radio programs for this company. The second item deals with my Boston reporter friend. Although they are on strike, I expect to hear from him soon. This will give him more time because he is not working.

The next one is from a fan and not for you, as is the one with Paul Noble.

My conversation with Kihss may interest you. It tells about the other Oswald bus record in Mexico.

The following item is part of a conversation with Bill O'Connell in Los Angeles, who tells me that Liebeler has announced that Phelan is sending him copies of the Russo reports. Liebeler assaulted Jim on this and the Andrews indictment. This Liebeler speech was taped and a copy is being made and mailed directly to Jim. The Andrews part is supposed to say that the only reason he was indicted is because he defended homosexuals. Jim could not have a more useful and more appropriate enemy than Liebeler, as I am sure he knows.

Then is Bill Diehl, a good newsman with a New York radio station. I ran out while talking to him but turned the tape over.

Next Colonel Castorr, with whom I am lunching Friday.

Sincerely,

Harold Weisberg
