Dear Jim,

Checked the "ilter data today. To not know if you have or not so rending gotting the focuments, which I will have for you if you do not have them, this, briefly, is the story:

He was seen in Jackschwille reilmost essetion e.25 p.s. 11/25/65 by the informant, who he told he sed not been wilding, that it had happened just the say he said it would.

He was introviewed by the FRI 11/86 and at the trime indicated the map who would have done the shooting is on Jack H. Brown, of Chattenongs. Naturally, there is no file on this Jack Brown but there are files on two others: the former AGVA man in Dellas and one whose in-laws are the T.A. Vatesas, of Texas (this one lives at 9812 wildhaven, I Dallas). I've been in touch with Art to get him to ask Skip in there could be any connection between this family and the Cally (Niley) he mantioned to me.

This stuff is scattered through several files, one caveted to nuts, a rather large one, and another illuminatingly headed. Lee Harvey Oswald-Internal Security-Russia".

Interestingly, one of the "nut" cases is an accurate forecast from inside Leavonworth of the JFT accessination and he is would turn out, dated 10/8/68.

Part of each file is withheld at the request of your friendly FBI.

Milter was also interviewed 11/27, at Juitzen, Ca., when he told the Fall he had attended a national meeting of the Congress of Freedom, New Orleans, La." during April 1963, at the invitation of a "Mr. Thomasa Chairman of the organization, Craha, Tebrasha." of course, he told the IBI he had never threatened or heard envone threaten the Crasidant!

Interesting file on TSBD Fres. Jack Charles Casen ("very conservative"), whose wife "made a remark to the effect that someone ought to shoot President KENNEDY"....WAMU, Wesh., has broadcast your AU speech to the Nat Educ Padio Net in two parts and the Wash Post gave each a highlight in its listings! I was in N.O. for first part. Second, last night, was very good.

Sincerely,

Haruld
