- PARADE FLOATS AND MATERIALS

Mr. Jim Garrison  
District Attorney  
New Orleans La.

Feb. 21, 1969

Dear Sir:

In the light of your recent investigation I thought I would write you first of all to commend you on your efforts and to pass along two bits of information which may or may not be of any value.

On that terrible day I was standing in the middle of the block on Houston St. between Main and Elm Sts. waiting for the parade, when a man next to me had a "fit" or seizure. An ambulance was called, as the man lay there a woman of Latin descent came forward and announced "I have a nurse" and stopped myself in front of him. He didn't seem like an average man on the street in that he had "stigmata" or "dimples" on his forehead. The policemen on duty at Elm + Houston came over and helped with the "victim". He never returned to his "post" as by the time the ambulance pulled away the parade rounded the corner.

I called the sheriff's office that night and they advised me the "man" was in the hospital. Of course he could have checked out the next day.

The next bit of news, was a man rooming at an "inn" on Bowbaiter St. who on that day "ran" up a large long distance telephone bill calling Houston and maybe New Orleans. A call to the telephone Co. could probably give you a list of numbers used.

as this bill was never paid.

The land lady received so many disturbing calls she now has an "anti-hate" phone.

Hoping that I have been of some small help.

Sincerely yours  
F. J. [unclear]
