Dear Jim:

I have received your latest enclosures, and have had them signed and notarized, along with US Dist. Ct. Financial Forms properly signed, although you'll have to date them and fill out. But, I've filled out the blue one. However, it is not dated.

Also, I'm enclosing some copies of the FBI's "GILROB" papers that deal with the New York Times - think you had a copy of same but I had an extra copy. Also, an up-to-date copy of my docket entries in my federal habeas corpus action - it is getting quite large wouldn't you say? (Smile & laugh out loud).

Also, I'm enclosing copies of pictures of the houses we talked about the large ones belong to T.K., while the others belong to Charles Morin, Esquire, Wayland, MA - believe he is also a member of the Mass. Bar and D.C. Bar. Morin's address was 11 Concord Rd., Wayland, MA & his Boston office was a low number on Congress St., or that was Colson's address. Colson was admitted to MA Bar from Virginia in July of 1965. His address and Morin's address are the same - think he used Morin's residence as his address on the Bar Examination???

The dates are approximate on the pics, but close enough as both were taken in late July, August or early Sept. 1970. Also, there was a trip Stanley and I took in early Sept. 1970 (on a weekend) to Saratoga Springs, N.Y. to meet with Tony U. or it might have been the last weekend in August. We stayed at the Gideon Putnam Hotel, which is about 1 mile South off Rte. 9, and close to NY 50; I-87 - we got off at Exit 13, because I made a joke to Stanley about 13 being an unlucky number. I'm not sure what names we registered under but the rooms cost close to \$25-\$28 usually, but we had to pay a much higher rate because their rates go higher during the month of August. The check-out time was 2:00 P.M. and the Bar was open 1:00 A.M., although it opened at 11:00 A.M. We had to pay higher because the lower price was for single rooms, but we either a suite or studio room, with a porch that was available. The place had close to 150 rooms in all. They had dancing on Saturday night and entertainment - no cost for the garage & the grounds were large - it was right next door to Saratoga State Park. I found the phone number in some papers (518) 584-3000. We had looked at the Holiday Inn that was very close by, but didn't like it - it was a four or five story job. The best place was the Gideon Putnam and Tony U. recommended it to us.

Will try to remember more info, but I do remember sitting on the porch drinking some "cool tall ones" - the door opened right from the room to the porch. Am enclosing a xerox of a map and which shows the way we went. It was a fairly straight run out the Mass. Pike to the N.Y. Thruway (bypassed Albany) and then went North on I-87 to Exit 13. Will send more anon. Much love to the family & please be well and all of you have a very Happy Holiday Season.

Always your friend,
