

Dear Harold,

11/23/98

Bill Neichter called yesterday to tell me of his upcoming appearance on the Joe Amold radio-call in show out of WHAS Louisville. Although the signal faded in and out from time to time I caught most of it from 12 midnight to 2AM. I thought Bill and Dave done did fine. Livingstone kind of monopolized the first hour covering some of his crazy theories. I trust the ~~listeners~~ ~~the~~ listeners were able to distinguish the wild theories of Livingstone from the more responsible comments of Bill and Dave.

Bill also asked me to send you a copy of the Schlesinger article on JFK. Without mentioning Herst, it is obvious which myths and falsehoods he is addressing.

Take care and best wishes for Lil and you in dealing with your medical problems.

Best Wishes,
Gerry
