

Dear Jim,

6/22/76

This check for \$25.00 represents a contribution to me from Madeline Goddard.

I'll will deposit the check so there may be good records. Otherwise I'd just have endorsed it to you.

You will notice it is marked for legal expenses.

Your records - those I hope you are finding time to keep - should read the same.

Few as these contributions are, they sure are welcome. The xeroxing costs and those for transcripts sure are climbing!

The copies you sent of your responses to McRae and 6th circuit leave me in the dark about whether you think I should do anything or not.

Had it not been for the Kabak developments and how much they were upsetting I might have put something on paper.

I'm tempted to do it but I also want very much not to have more responsibilities now.

I can't imagine the Rays having obtained a lawyer with whom I would want to have anything to do or that I could with one who in all this time has not been in touch with at least you.

On the other hand there are considerations, one of which is justice.

best,
