

April 24,

Dear Harold,

I am in New York visiting friends for a while. Will return to Miami for some normalcy in about 10 days & wish if my nose, head etc can stand the molds and pollutants. While I'm here, I would be happy to offer my assistance in any way possible. If you need anything from New York or want me to look up something or someone etc, I'd do it. Inform me as such at:
