Dear Rev. Graetz,

Not only am I delighted to have your book *Montgomery*, I had written Dave Keck a letter I've not mailed after beginning to read Virginia Durr's fine one.

It reads as Virginia sounded 50 years ago, witty as she was and 100% honest.

It reminded me and I started to write her, in part so she can tell and her records will tell others where the hearings she referred to and I edited can be found.

If I may I'll send it through you, having no recent address.

You and Dave will be welcome to read it.

I started to write her and I do write you with discarded pages of the draft of my new book that Dave knows about, to save parts at least of trees and a bit of petroleum.

When my wife and I have finished reading your book, as we'll do with Virginia's, we'll give it to Hood College library, an excellent small Methodist college here in Frederick. This year is its centennial.

Sorry my typing can't be better and the machine needs some adjusting.

Many thanks and best wishes,

Harold Weisberg

I also asked Dave if he can locate two more copies of Virginia's book and now I add of yours so I can give them to Dr. David Wrona, 1518 Blackberry Lane, Stevens Point, Wisc. 54481, history professor, and Dr. Gerald Ginocchio, 591 Lucerne Drive, Spartanburg, SC 29302, sociology at Wofford College. If you can I'll be glad to repay you.

J
