> ப

Ex-comic Dick Gregory tells a federal judge he can't afford to repay $\$ 105,000$ he owes an old friend because he has other debts totaling more than $\$ 1$ million. Gregory bor rowed $\$ 40,000$ from his friend in 1979 , with agreed-upon interest raising the total to today's level.
On the list of Gregory's other creditors: the IRS, American Express and several banks. F $/ 7 / 40$
