RES: 201 - 324-1513

June 14, 1976

Dear Harold:

Hunter College reopened today after being closed down for over two weeks. Robert was on the phone this morning in regards to the check which was supposedly ready to be put in the mail. He spoke to about 5 or 6 different people who each had their own story concerning the matter. (1 person thought the check was for \$75-, another for \$650-, but in the end the amount was verified to be \$1,600-) Also, the check is not ready to be put in the mail. Robert was told that it has to be co-signed by the treasurer and it should be put in the mail by the end of this week. At this stage, I just hope there are no more postponements... I assure you that the very minute the check comes I will send your check out immediately. Please know that.

Robert will be in touch concerning the photos.

Our very best to you and Lil.

Chris

Dear Chris,

Thanks for your letter of the 14th. It came today. I also got the message from Robert via Ed Kabak. Appreciate it.

I have and will have a copy of the Powell picture if Robert wants it.

I filed for the under FOIA in 1970 but never got it and did not consider it as important as the other cses.

This print is made from a second-generation negative, assuming the print from which it was made was made from that original negative.

It is somewhat like the Dillards.

I'm sure many people will see many things.

I'm not even taking the time to use a magnifying glass. It will be enlarged.

I'll send this when I get the others from Robert

Hope things are working out for you.

Sincerely,
