

JL:Kevin did phoned back after 4 hrs taped with scared, divorced, shaken-up again Hall who is hiding. Looks like the cigar picture again. He told Art nothing I didn't know but with a couple of dubious details that make it current, like Mafia/CIA angle, etc. Some seems not exactly as he told me but close. Mtg. at Lester Logue's office now was discussion plot for \$250,000 to off JFK, put LBJ in. Hall is going to sue and it looks as though Belli may handle his case, Art says. I'm to get tape but not to let it be used. Hall says there was a time Hemming was CIA, which Art doubts. Bob Brown says he was, or Hemming told me. Mafia Miami contact man on anti-Castro plot with CIA Hall says was Al Martino. He has a Raoul and a Hernandez and I told Art too many common but old names that figure in stories. Tjere are other common names not used. He is to have further interviews...Hall can't be too far away because it was not much more than an hour after interview that Art called me. HW 9/15/75
