Dear Harold;

And now this!!! As the data unfolds, it becomes obvious that Young JFK and certain circumstances assembled elements of an upcoming tragedy!!! It began with a flight that started too late in the day and ended with a desperate and absolute need for instrument training and experience!!! Add to that, an unforgiving aircraft, failure to file a flight plan, loss of visual contact with fixed reference points, etc. The NEW YORK POST reported a discord between pilot and wife (he did not want to land at the Vineyard and she did. She won out!) During the early stages of the misorientation, this discord must have surfaced to some degree thereby, distracting from the full concentration and control the pilot needed to salvage the situation!!!

The radio, TV and printed media have searched for reasons why JFK, Jr. holds such interest for the public. Their conclusions are that "He comes closest to American royalty than anyone." The real answer is that we all watched him grow into a nice young man and he became an acceptable extension of his father!! It is tragic and the common denominator in all the tragic family cases, except for Jackie and Rose, is that it all could have been avoided!!! There are some who say this closes the door on Camelot, but, who really knows??? I always believed that Young JFK was programmed to play it safe and that was probably true while his mom was alive!! He seemed to owe it to the public to remain with us - a genuine link to "what could have been!" He and his mom must have had intimate talks about Dealey Plaza and the Ambassador Hotel!! I have always felt that his GEORGE magazine was started to one day face the Oswald/Ray/Sirhan issues. That seemed inevitable!!! Jackie knew immediately as the shots were fired that a conspiracy was involved since she heard Connally yell out, "They are going to kill us both.." not as the WC reported, "They are going to kill us all!!" This is recorded in several "documented" books!!! Changing that one word made a world of difference!!! Nelly, Kellerman and Greer had to hear it, too, but they were easily pressured. Jackie's testimony in the WC is deleted with other reasons given!! The 99 Cancer is going to be interesting even though the JFK and JFK, Jr. deaths are unrelated as to historical events!!! G.M. Evica can make a lot of it, I bet!!!

Thanks for putting up with my ramblings and I do so wish the best of everything for you and Lil.
