DIRECTOR, FBI (h4-38861)

SAC, LOS ANGELES (44-1574) Attn: EXHIBIT SECTION

MURKIN RE:

Re Bureau airtel to Los Angeles, 6/4/68.

Enclosed herewith for the Exhibit Section is one (1) FBI photograph of

Witness, ALLAN O. THOMPSON, shown artist conception of individual he knew as JAMES C. HARDIN. After observing the artist's conception, TROMPSON made the following observations:

> The likeness of the artist's conception with regard to the shape of the head is good.

The shape, size and appearance of the eyes contained in the enclosed photograph of JAMES C. MARDIN. mew as JAMES &

are, likewise, very similar The eyebrows of to the eyebrows of JAMES C. HARDIN.

- The nose of HARDIN is slightly thinner at the bridge than the artist's conception. Further, there is no D. bump at the bridge as in the artist's conception, but appears straight as in XD1-9.
- The mouth is to be less wide than appears in the artist's conception with a ulightly fuller upper

Bureau (EM) (Encl. 1 Los Argelins Likow

LA 44-1574

- The cam in the artist's conception is too full, too round: the chin that appears in the enclosed photograph of the state of same is very similar in appearance to that of JAMES C. HARDIN.
- G. The ears of HARDIN are as they appear in EG1-7; the ears in the artist's conception protrude too much, and further, are too wide at the bottom.
- H. Good likeness.
- J. The hair in the artist's conception is too stiff; THOMPSON preferred the hair, hairline and height of the forehead as that which appear in ED 3-9.

THOMPSON advised that in general, the artist's conception was not sufficiently swarthy in appearance to convey the proper complexion of HARDIN. THOMPSON had no further remarks as to the general description of the subject.

It is requested that the Exhibit Section prepare an additional artist's conception of JAMES C. HARDIN with the above mentioned modifications. It is further requested that upon completion of the artist's conception, that copies be forwarded to Los Angeles and all interested offices.
