# JFK'S REAL KILLER

## Mystery tramp charges: **CHEERS STAR'S DAD SHOT KENNEDY — AND I GAVE HIM THE GUN**

Triggerman Charles Harrelson

**CHEERS** star Woody Harrelson's hired-hitman dad was the real killer of President Kennedy! That's the shocking revelation from one of the three mysterious "tramps," who says he got away with murder for 28 years!

Now, 70-year-old career criminal Chauncey Marvin Holt — who says he's the old man in the hat carrying a brown paper bag in the world-famous photo of the unknown tramps — has finally come clean.

He's fingering jailbird Charles Harrelson and CIA man Charles Rogers as the men who shot JFK — not Lee Harvey Oswald. And he knows because he gave em the guns!

Holt identifies Harrelson as the tall tramp and Rogers as the third tramp known as "Frenchy" and says both men were arrested with him in a railroad boxcar shortly after JFK's murder. But all three men were released by cops after convincing them that they were actually undercover agents assigned to protect the president!

Holt says the bag he was carrying in the photo contained a radio to monitor police activities

Chauncey Marvin Holt (left) says Charles Harrelson (center) & Charles Rogers both shot Kennedy

and that the radio and fake Secret Service credentials he delivered to Dallas helped them slip through the fingers of justice, leaving Oswald to take the rap. "Oswald was exactly what he said he was when he was arrested — a patsy," Holt says. "He got a raw deal. I don't think it's right for Oswald's children

to suffer and live with a lie. "I know Harrelson was part of the assassination team. I met him that morning in Dallas to give him one of the handguns I was carrying, and his fake Secret Service badge.

"He introduced himself to me by his real name." But Holt claims he didn't know JFK was a target when he arrived in Dallas. He thought "an incident" was being manufactured to turn the public against Communist Cuba.

And once he heard the shots in Dealey Plaza, Holt says he followed orders and ran to the boxcar, where he hooked up with Harrelson and Rogers. When they were nabbed by cops, they claimed to be federal agents.

Holt says their act was so convincing, they were re-

leased without being questioned by the FBI. Holt says he fled Dallas in a private plane.

Then he kept his mouth shut — until he met Houston private investigators Phil Rogers and John Craig. Craig stumbled across him while tracking Charles Rogers, who's wanted for his parents' murder.

### Silenced parents

"We believe he killed his parents to silence them," says Craig. "He butchered them and then he disappeared."

Now, only Harrelson's father is behind bars. He's serving a life sentence in federal prison in Marion, Ill., for the contract murder of U.S. Judge John Wood. And while waiting to be tried for Wood's assassination, Harrel-

son admitted he shot JFK. Then he changed his story.

But a witness at his trial testified that Harrelson revealed he was the legendary gunman on the grassy knoll who killed Kennedy in Dallas' Dealey Plaza. And Holt confirms the story.

● We'd like to point out that the dramatic photos in our December 31, 1991, issue that show the president's throat wound and doctors measuring the wounds in JFK's back are the property of Mark Crouch. The 37-year-old West Chester, Pa., journalist says a Secret Service agent gave him the photos in 1981.
