

6/23/67

Dear Mrs. Hatfield,

Although I really do not have time for unessential correspondence, your letter of 6/21 requires answer because your spirits are so low and they needn't be. What NBC did is miserable. It will ultimately help, because it is of evil design, evil concept, and evil never succeeds for long. The fact is that it makes clear that NBC is part of the operation, which I have known for a while. I once thought the New Orleans station was not part of it but here I was wrong. The net effect of this will be to help bring out the truth. Garrison has asked for equal time. If my agent did what I asked him, he invoke the fairness doctrine before the program was aired. It was aired early to try and offset the little the CBS program will help us. Also, after any truth is aired, that NBC thing would not have been usable. Please do not let a temporary seeming reverse, which really isn't one, flatten you.

We are going to do this. And it will not take forever.

My new book, PHOTOGRAPHIC WHITEWASH: SUPPRESSED KENNEDY ASSASSINATION PICTURES, is at the printer's. It will soon be out and will make this sort of thing more difficult to get away with. I think you will find it exciting and informative. My New Orleans book is to be done by a small publisher and I must prepare to go to NYC for its editing. Then I'll get the next one, also of documents, out as fast as I can.

Your clippings are helpful, very helpful, but you could save me a few of the moments I do not have by not stapling them together and to the letter for I have to separate to file. Please, if you could see something besides red ink and not sideways! I think it is hard for others to understand that we really have no time. We begin working any time after 3 am and sometimes that late, and never can get done all we must.

The net effect of the NBC show is to make it public that they are corrupt, tried to corrupt witnesses, and to make it evident their real purpose was improper, to interfere with the grand-jury investigation.

Stop worrying. I long ago learned that when I make a public appearance, if there is opposition it helps the audience understand. The more violent and irresponsible it is the more I can get across. This will also be true in the broad view.

Courage!

"The man" is not LBJ but the one in the Altgens picture, I think not Lovelady/

NBC will not take anyone on. They are light-nightsneaks. Do not expect them to further expose themselves. In the end they'll get it for what they've done. I'm tempted to buy stock to go to the next stockholders meeting!

6-21-67.

Dear Mr. Weisberg -

I am sitting here at 7: AM.
"Sick to my stomach" NBC -
slightly bombed Garrison - last
night - as you, no doubt, know.
Where do we go from here? I
never felt so depressed and
defeated in my life - If I
feel this way, I can imagine
how you feel - (Total frustration)

1. Why did they, NBC, rush
this on before CBS (4) night
probe coming up Sunday -?

2. Why while Russian -
Kosygin here?

3. Why not a similar program
investigating "Warren Report". It
did all the same things! - How
about that burning the papers yet?

4. Why during this week? Why
are NBC witnesses more
credible than Garrison's?

I am so sad & feel so alone today -
I just had to write to you!

From T.J. Taylor. He once went to bring the party which I attended in his journalistic
career - I'll never know - I made him laugh & I'm sure I was waiting to other journalists.

I read "Forgive My
Dad" yesterday - I finished
it just before the
NBC Program - I
think "Henry Millus"
Quote in his book (Pen Jon's
Book) applied most
perfectly to what last
night's program will do
to this country. It breaks
my heart to think so - But
I can't help it.

Love - 219 - you ~~the~~
Red covered edition of WWII
"Between the post and the tree
to the MAN" (my Quots & understin)
is this - what I think - L.B.J.?
or is my imagination running
away with me? Actually, I
have never considered him -
at least - only as a "Patsy"
Please, please tell me I
can't stand not being sure what
you mean - I love you -

Sincerely & with a heart.
Lou Fairfield

My NBC "Today Show" "Angie Downs" speech with "peaks" - like all "have our piece" -

3.

5. One more Question -

This does create a dilemma @ for the Right Wing "I wonder if they still hate the "Eastern Liberal-News Media" TV & papers? How they are allowed.

If Garrison's investigation was so ridiculous + why does a leading network -
The leading network -
Spend a fortune to refute him?

"The Lady Protests Too Much".

R.S.

With this much influence why don't they use it for the good of humanity -
When this is suggested - they say "too controversial"
let The Education & UHF (NET) (small coverage - no financial client accts to contend with) -
handle that. I notice there was no short ~~age~~ of sponsors - local & national.
last night - So the Establishment stuck together & moved as a body - I feel like a member of a small underground - I don't like it

④ P.S. If there is a God & he is alive - Does he take time for them to make himself known - Did you know Madelyn Murray?

P.S.

The "Equal time" theory - should apply here - if it doesn't the cause looks so very lost - CBS - last & only hope. I wanted one big Prime Time, media exposure - well I got it all right - I might have known - They say the Mafia owns much American business - what a perfect combine - Military - Industrial & Underworld - Make the historians will do the job - after we're all dead after all - I wonder where the "Time Capsule" will be buried next to JFK's. "Torch" grave would be appropriate - Only this grave - should have a "dagger" instead of a "torch" - Right in the middle of the back -

Wish I could see NBC expose "Preserve by" - (Book Production) - AT - by hand from S -

(5)

All NBC's program
convinced me of what was -
This conspiracy is
even worse than I
imagined.

After all Garrison is no
match for NBC - they NBC
& the "powers that be" - must
really be desperate - Talk
about sending a "Sherman
Armored Tank to kill a fly"
or however the saying goes -
I'm sure you get my point.

L.H.

Why doesn't NBC take on
someone its own size like
the "Warren Commission" for
one good example - They,
NBC, are just plain old
fashioned Bullies!
