Dear Fellow Americans

For one third of my life I have lived in the shadow of political murder and the miasmatic conspiracies which have been their cause and effect. The trauma is palpable. I have witnessed the Byzantine arts perfected from Dallas to Watergate. Those who have an eye to see have known for years that JFK was only the first in a long sequence of assassination conspiracies which have each been the preface for a secondary conspiracy concealing the first.

Killers have been shielded by cowards, hypocrit<sup>e</sup>s and fools in the name of honor, truth and justice. From Oswald to Sara Jane Moore, the stench is suffocating. It stinks no less when the judiciary accepts a guilty plea from a possible Manchurian Candidate, Congress prattles its willful ignorance, the Executive and appendages profess an inability to find any evidence or the Massed Media proffer only official lies.

This obscene malignancy is growing. It is taking over more and more parts of the society and diversifying as it spreads.

The original killing spread from the top executive officer of the nation through the leadership of black, civil rights, prison and insurgent organizations. This thirteen years of murder is prima facia evidence of complicity, if not participation, by the

entirely criminal, justice system.

The cover-ups have multiplied to keep pace with the killings. From the original placebo commission of Supreme Court Chief Justice, four right wing members of Congress including the only appointed President, CIA chief and Wall Street banker; the prototype scenario has been repeated ad nauseum. The most powerful people in government and nongovernment institutions have cooperated for thirteen years to make each political murder seem the work of one lone loony.

Despite this monolith of institutional deceit, the outline of the real rulers of this nation and its thirteen years of rule by the gun has been dug out. The CIA, Mafia, Pentagon, Teamsters, Nixon, Justice Dept., Chase Manhattan, State Dept., FBI, LAPD and Hughes supply the interlocking cabal which dictates all fundamental decisions for this nation by the veto of murder — when necessary.

My motive for writing this now is a new wave of nausea coming from the next cover-up of the first murder in the thirteen year set. The majority of Americans have finally reached the same opinion that the rest of the world started with: the Warren Commission was a rotten joke. Thus, a new cover-up must be fabricated. I first became conscious of the next JFK cover-up when I watched Dan Rather's CBS production 25 Nov. 1975. The attached copy of the unanswered letter to Mr. Rather will attest to the origin of my revulsion.

Since that date the emergence of a fully orchestrated propaganda program for <sup>the</sup> next cover-up has become obvious. Books, articles, leaks congressional committees, spooks, CBS, etc. have become more and more prevalent, drumming the theme of "Cuban retaliation." CIA-Mafia-Gusano ties are admitted with all the grudging reticence of a Vegas stripper. The secret "investigations" of secret sins by secret organizations are coyly shunted into "discovering" the many attempts to kill Castro.

Today it was reported that Sen. Schweiker has taken the bait and will recommend a "new congressional inquiry into the assassination." Just as the Warren farce did, they will claim to investigate all possibilities. But, the only possibility really to be chased is the mechanical rabbit of "whether there was any Castro involvement" quote David Belin, our Rasputin.

Since there is no way that I can prove what I have alleged concerning the next cover-up, I will simply recommend that the reader give serious thought to these questions:

- A. Which US institutions have gained most from the thirteen years of murder?
- B. Which US institutions had the most to lose if rule by the gun had not been initiated Nov. 22, 1963?
- C. Which US institutions had the most opportunity to commit murder(s)?
- D. Why would the elite of government and wealth lie for thirteen

years to protect Castro?

E. Given institutions whose violations of truth and law are unremitting, inexorable and congenital, why would anyone believe anything self-serving that they were told by representatives of those institutions?

F. Why should the foxes investigate the missing chickens?

G. Why should we believe the foxes?

Sincerely

Dear Mr. Rather

I watched your latest effort to cover-up the JFK conspiracy tonight. It was obvious that CBS News is still part of that conspiracy. I only wonder if CBS is motivated by a mindless commitment to past conclusions rather than something more sinister?

Mr. Rather, you are in conflict of interest -if my memory serves me correctly- doing such a program now, as you once narrated the Zapruder film and had the disingenuousness to say that the President's head snapped violently forward.

Tonight you had to recant this nonsense, but you did so with no more honesty or grace than Nixon in his last speech as President.

The program was very sophisticated black propaganda. But, the majority of people in this country will no longer be gulled by such sophistry, selective editing and pseudo refutation of the people who have driven trucks through the holes in the Warren Farce. Nor, will we accept the next installment of the cover-up: a Cuban conspiracy or a couple of third string Mafia and/or CIA contract agents.

Sincerely
