Harold Weisberg  
Frederick, MD.

Dear Mr Weisberg:

Per our telephone conversation I refer you to your book "Photographic Whitewash" page 234, (Similas). 1967.

I also refer to "The Case Against the Kennedy Clan" by Joachim Joesten, 1968. (Tome 3, volume 1, "Trilogy of Murder".) page 7.

According to Joesten greater details on this can be found in his "Die Wahrheit Uber den Kennedy-Mord". However my knowledge of the german language is limited so I have not read this. This book published in Zurich in 1966.

Also this is dealt with in "Oswald: Assassin or Fall Guy". (Joesten, New York and London-1964.

I would appreciate a few words from you if you believe the alleged letter from the Justice Dept and Robert Kennedy was a fake story. If the letter exists many questions need to be answered. It would in part explain Bobs unusual period of mourning (Blaming himself). It might partly explain The Kennedys refusal to investigate. What was Bob led to believe concerning the mission of Oswald and Ruby? Has anyone checked out the story in the NATIONAL ENQUIRER May 17, 1964 ?

If my memory serves me right no mention of this exists in Jesse Currys book "The JFK Assassination File".

My very best wishes-I enjoyed the chat on the phone,
