Garrison Said to Tie CIA to JFK Death

NEW ORLEANS, July 12 (UPI)—District Attorney Jim Garrison said yesterday a "foreign power on militarily friendly terms with the United States" has furnished him information to show that President John F. Kennedy was assassinated "by elements of the Central Intelligence Agency."

Garrison, in an interview with the Times Picayune, refused to name the country, indicating only that it was in Europe.

The District Attorney, who contends Lee Harvey Oswald never fired a shot in Dallas, said he learned of the information from an intermediary from another unnamed country. He said a representative from his office spent about a month in the other country talking with "the top men of their intelligence agency."

Garrison said the foreign country has unearthed the names of members of the Dal-

las police force who allegedly participated in the assassination, established contact with one of the assassins, and uncovered information about a trip David Ferrie made to Dallas for an alleged pre-assassination meeting.

Garrison said the assassination was initiated by both elements of the CIA and by "a handful of extremely powerful individuals in the industrial complex of the Southwest."
