

Dear Karl Hilliard,

2/14/79

Sorry could not respond to your undated note or thank you for the copy of your warm pamphlet earlier.

I'm staying busier than one person can in FOIA litigation to get the stuff out.

Book list enclosed.

How do you expect to pay for the TSB?

Or persuade Dallas County to sell it after they've gone to all the trouble to buy it from what I understand?

Best wishes,

Feb 1979

Dear Mr. Weisberg -

Lately I have entertained the idea of buying the John F. Kennedy Museum and the Texas School Book Depository, Bldg. (for a new museum.) The first floor would contain a film theatre & slide presentation and photo gallery that would go outdo the present facility.

I would rent the other floors out to attorneys. But the sixth floor would remain untouched. It would be as it was.. a book store with a collection of every book and material that would complete a true museum.

I need the Harold Weisberg series to do this and in this area these books are

not readily available.
[I need them signed by the
author to me, the custodian
of the museum, (though it
may take another 30 years!)
Wish me well when you
reply. My best to you,

Karl Heland
