Dear Dr. Hirschberg:

Because you say you want WHITEWASH IV, I send it herewith along with a list of the other books.

Subsequent to obtaining the January 27, 1964, transcript, reproduced in facsimile, I obtained another, that of January 22, 1964. If it interests you, the cost to me of replacing it is \$1.50 and you may have it.

I have also obtained a lengthy and once secret so-called psychological evaluation of Oswald. If you are ever in the area and would like to examine it, you will be quite welcome to. In fact, if you or any interested colleague is near here - about an hour from either Baltimore or Washington - there are a number of psychological and psychiatric matters I would like to discuss with you.

Because there recently has been nondelivery of a number of copies of WHITEWASH IV, I am adding 25¢ to the \$6.25 price for insurance.

Sincerely,

Harold Weisberg
