Dear Paul,

Thanks for the Hard Copy 11/16/93 Elrod transcript.

In which Elrod says less than anyone else.

Save that he as arrested there is none of it that I believe and there is much that I know is false.

Including pretty much of the LaFontaine Wx Post story.

Nobody was added to that cell block after Oswald was arrested and those that were there were removed promptly.

Even what the LaFontaines said about the layout of the jail was wrong.

As also is this account of what Elrod said when he turned himself in in Memphis.

Somehow this suggests that Nancy Perrin Rich was read.

This kind of stuff hurts all credibility.

If you get any of Mailer's unwise and wise-aleck statements I'll appreciate copies.

I've sent the index <sup>to</sup> of Gary Aguilar because he has an office staff and asked him to please get copies to all of you, of the index, in that area, and that if he cannot to ask Hal.

Glad to have this for file.

Thanks and best,
