Mr. Joseph A. Ball
President's Commission on the
Assassination of President Kennedy
2000 Maryland Avenue, N. E.
Washington, D. C.

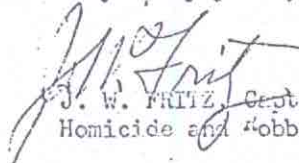

Dear Sir:

In answer to the question about Deputy Sheriff Roger Craig I think this is the same deputy who came to my outer office during the Oswald investigation, but I don't remember his ever being in my office. I have talked with the different officers, Mr. Sims, Mr. Boyd, Lt. T. L. Baker and others who remember his coming into the outer office, and Lt. Baker remembers calling me out of the office to speak to this man as he was an officer and had no doubt been O. K.'d into the outer office by the officers guarding the door.

The window in the front of my private office is approximately 41 inches by 47 inches. I am sure this man standing in the outer office had no trouble in seeing Oswald, as there would only be a distance of six feet from this window to where Oswald was sitting, and I can think of no reason why I would need to bring him in the office for identification after he had been looking at him through this window.

The other part of his story I remember very little about as someone else interviewed him, and I never felt that his information was of any value.

Very truly yours,

J. W. FRITZ, Captain
Homicide and Robbery Bureau
