Dear ifalter,
One of the iriehtoning thinges about bring away is the accunulation tiut will await on roturn. I'in gettine to the bottom of that stack and will then have to adcress what + lo't unfone. Une of these things is on enomous lawsuit in which i an ly orm attomey. It is a story that will make a novie. I coll it "dverythins Hpponed", conceivin; it, in the woments I can dotach nystelf fron its homror, wheh has not beon often enough for ducent ritine in years, as a combination of "The wit and I" and "ire i iadndings "wilds liss Droan Houss".

Ofe Il tion opsessive realitios, timis is the most dopres in,.
On thicis trip, aside fron tho purposes for which I ade it, I eane accross what I think would naire a sood book and was rendinded of one of which I wrote, on without siny response I can rocull.

The first is a rafia stroy I'in surprised hasn't been done, a truc one, oil how thoy ruined ah honest logishator who continues, with futility, to ficht; tion wilile tioy, apparently afraic of reaction, let hin live a futility of tryins to expose them.

The sucond is what also should make a novie, the inside story of li. L. ilime. I told you I saw hin and that he offexed ne a writing job. Iith sonc rece, I divertod the old , an , who is unterini senility. I did hin a very big favor a whille beck. Unlike the ciog, who at loa. $t$ wags life tail, there is no thanias in the romant of a fon who ay be the world's woal thiest.

- have a Iried who used to be his chiel of gecurityo tho knows tho nitty-eritty And rigit now the two more able sons (of the acknowledged children), both inordinately wallhy, can't wath for the old bastard to die. Mey ars dingerous - and vory proninontmon, One owns tire lunsas City ball club, waybe fuotball. One has a lind of private aray They have ulroedy suparated the old uan from control of his paperty, leavinc him his nutty litorature axd a cometios firm to play with.

What led to ny friend's Ieavin; is a hunanitarion thing the monsters coll not abide, efting the fathar to make an arrangoment for his basteras, while he is alive, for one he is deal the two sons, withur of whon, apprently, can conceive of iavin; enough money, vould not perwit oven a croschen for then.

A rathe humorous bit: thay docidod they had to get my friend, forgetting that he knows his busines, having loarned it in the PBI. So, they got some wiretapyers from a distant oity. wow it happens my friend lives in suburban Dllas, a coas unity with ita om police force. weed I say they are his Irrionds? and his wife is a professional woman, a psychiatrist. So, they bug oul. And of friend can ht then, with his police friends, with all the illegrel equipment in their car, with all the tapos thoy haw mado in thoir notel room. Thon ho filed a $\$ 1,000,000$ suit, in his wife's nane, profosaional danage and intrusion into personel privacy and a fow other things. Heedless to say, the boys didn't wont this to 80 to trilal. No, the bugeors are convicted, thers was a settloment, and I didn't inquire into its nature. It was enough for we that he took ne to the texas "lub and drove ne around in a now Gadillec.

Lhis is a difresuion, bot contral to the story, which is that of the most unbelievoble gan who eribled his way to this alnost unimapinable fortune, all the tine a real nut. to is the world's tightest tightwad. Whon ho brought out his firgt book - his! - he tired his ghost without a minute's notice, no soverance jay (a secretary sued him for overtine reeenti; ), rund then took his wifo and younger kids out to peddle the book on the streets with hin-on coznora!。 What 1 an sucgesting is a Citizen hame, in oil. and all true. Hot for ro to write, juet to arrounc. Jor your edfication, I enclose a sanple of hia cheapness with the chappest com odity, paper-libis new lcaflet on missinger. frize it.
