

Mrs. Kennedy. Well, there must have been two because the one that made me turn around was Governor Connally yelling. And it used to confuse me because first I remembered there were three and I used to think my husband didn't make any sound when he was shot. And Governor Connally screamed like a stuck pig. And then I read the other day that it was the same shot that hit them both. But I used to think if I only had been looking to the right I would have seen the first shot hit him, then I could have pulled him down, and then the second shot would have gotten Governor Connally. But I heard Governor Connally yelling and that made me turn around, and as I turned to the right my husband was doing that. He was receiving a bullet.
