DATE: 2/26/69

FROM : SA WILLIAM H. LAWRENCE

SUBJECT: INVADERS  
RM

On 1/17/69 [redacted] advised that the unknown Invader who has been depicted in several photographs, including the one at the welfare mothers rights march on 11/30/68, who wore the tan and glasses and who is known as "SPIDER," had just recently told him that on the night of 1/16/69 the Invaders started to possibly kill a male Negro or at least throw him into the Mississippi River whom they had caught. This Negro they had caught allegedly was from Detroit and that they felt he was a police informer. The writer indicated he was the one who detected this because the person from Detroit kept talking about places which he had frequented in Detroit, that "SPIDER" had been to Detroit himself and recognized the places as police hangouts. He stated that the group thinks he is a spy. (Circumstantially, this is OTIS PARNELL, aka Elijah Parker, who according to MPD undercover agent [redacted] was suspected at this time of being a plant because of the fact that he had some Detroit, Mich., cards one of which was allegedly that of a Detroit PD officer in his possession, but apparently PARNELL is being permitted to remain in the Invaders.)
