

NEW ADDRESS Rt. 7, Frederick, Md. 21701

3/22/68

Dear Lou,

The package of five tapes arrived yesterday. Thanks. Sorry we didn't get a chance to talk before I left for there were many things I wanted to discuss with you, including some of the new things I left hanging.

Possibly I'll soon get word on the newest matter I had a chance to mention only briefly. Should I hear something that I think requires that I return immediately, I'll let one of you know, one way or another. However, should I hear something that requires that I phone you, where should I try?

Since my return I've been busy interviewing, etc., and haven't had a chance to get the duplicate bills required. As soon as I do I'll mail them.

Among those things I loaned you were my own, different sewer pictures. I asked for their return several times. Now Fred Newcomb, 4749 Noble Ave., who has been of enormous help, would like them, particularly the two that I use in the appendix of WHITEWASH II on p. 248. Please send them and the others to him as soon as possible. He requires them for the work he is doing. Please also include at least the one taken of the south side of Elm that I sent you. Fred will return them to me as soon as he finishes with them.

Best regards,

Sincerely,

Harold Weisberg
