5 RE: LOGAN STEWART

Witty SANDERS

7
8 In accordance with the information given me by
9 GARY SANDERS, I attempted to locate LOGAN STEWART, a former
10 NEW ORLEANS resident and a former acquaintance of CLAY SHAW.
11 SANDERS told me that MR STEWART was possibly employed as a
12 radio broadcaster in Los Angeles at KOST-FM RADIO, 5670
13 Wilshire Blvd., Hollywood, Calif. (Phone 937-1035). Upon
14 phoning that station I received the answer that they had no
15 knowledge of anyone by that name and had never employed this
16 person.

QUESTION JAFFE

17 SANDERS suggested that he might be employed by
18 the McLENDON FORTY-FIVE CORPORATION in Santa Monica. JIM
19 ROSE was able to secure the unlisted phone number of this
20 corporation and upon inquiring as to the possible employment
21 of a MR LOGAN STEWART a very indignant employee of the office
22 said that no one by that name had ever worked there nor had
23 they ever heard the name.

24 I will follow up this possibility as well as checking
25 in the San Francisco area for his whereabouts.

26
27
28 Logan Stewart later located
29 as "talk show" radio commentator in
30 Long Beach. He had Mark Lane as
31 a guest on his show - see Lane for
32 information on Stewart's whereabouts and
questions about Stewart in New Orleans.
