

NEW ADDRESS: Rt 8, Frederick, Md. 21701

Dear Miss Johnston,

so
Your signature is much more neat~~er~~ than that of any man I know I am assuming you are a young woman. If you are a bearded fullback, my apologies

First, let me thank you for the very kind things you said. As you seem to realize, aside from personal satisfaction and mountainous debts, this is to date our single reward, the appreciation of the nice folks who take the time to write.

Ooops, just noticed that word "fraternity"!

Perhaps my mind is more than usually foggy today. Is it a souvenir you want? Would a copy of one of the Commission documents of which I have an extra copy of the Xeroxed original do? Or, I can copy almost anything else I have.

If it is this and something also involving Jim, I can copy the endorsement of a copy of a book for which he wrote a remarkable foreword, "Crime Law and Punishment" and send you then. He rarely writes. In fact, we haven't even taken a picture together. We're to do that next time I'm there. He wants one of me for his den. Perhaps I can bamboozle an extra print from his photographer, if that is the kind of thing you'd like.

If this is off-base, please be a little more specific. I'll be gone for a little time, but I will answer when I clean up the accumulation after my return and after I transcribe the tapes of my interviews. Please note our new address.

There is something you can do for me if you have the time. Send me every reference you have in your own materials to Cuban and/or CIA activities in the New Orleans area, with special reference to what you will read in Oswald In New Orleans. I don't know how far back your files go. Please let me know if you can or will do such chores, and whether you'll have some summer time for library work. Like in the New York Times, if your library has it. My particular interest right now is in the training camps there.

If you are currently in correspondence with Shirley Martin, I have written her several times without response, phone a half-dozen, getting no answer. I have the impression that after personal tragedies she has sort of withdrawn. If this is not the case, I'd like very much to hear from her. Tell her the gangup in New Orleans is greater than ever but the data I've developed more exciting than she can imagine.

Sincerely yours,

Harold Weisberg

Dear Mr. Weisberg,

First of all, let me send my gratitude and appreciation for what you have been doing with your publications and your many hours in assassination research. I hope that in some small way, my appreciation for what you are doing will make your many weary hours less wearisome. Again, thank you for doing what so many shirk from, are afraid to handle, or just pass off as the duty of amateur detectives.

I have read three of your four works, and am looking forward to the publication of Whitewash III. Will its publication be a private printing? I have read your first two volumes, Whitewash I and II, and have just recently finished Photographic Whitewash. Yesterday, I purchased a copy of Oswald in New Orleans. I have been reading as much as possible the works of Mearcher, Jones, Epstein, Lane, Fox, and Thompson, as well as the works put out to discredit the assassination researchers.

I am a junior History-Government major here at Central State College. I am quite active on our campus, and now hold four Presidencies in campus organizations and the vice-presidency of my fraternity, Alpha Tau Omega. For the past year and a half I have been reading everything I could get my hand on concerning the assassination. I have been compiling my own file system for everything I have been reading, and now have 17 large file boxes containing IBM computer file cards. Magazines, newspapers, and my own pictures taken in Dallas compose the rest of my own research.

If it would not be too much to ask of you, I would appreciate receiving anything you could spare me concerning your work in the assassination, or your association with Jim Garrison. If there would be any charge for Xerox-ing any of this material, I will be most happy to pay you for it. I understand you will not be free with much of what you are currently doing, but perhaps you will send along to me anything which will be of help and encouragement to me. I am currently corresponding with Penn Jones, Jr., Raymond, Marcus, and Shirley Harris Martin.

Perhaps someday I may be able to repay you for what you will be doing for me by your correspondence, encouragement, and sending me any material you can spare. I hope I can repay you with my zeal, my energy, my immunity to fatigue, and a desire to write this wrong that has been committed to the country which will, in a few years, be controlled by my generation.

Thank you very much for what you can do for me. Your prompt reply will be greatly appreciated.

Sincerely,

Terry C. Johnston
