Dear Mr. Klein,

The phlebotic syndrome following an acute thrombophlebitis limits the time I can spend in correspondence.

I have a number of FOIA suits, two current ones against the FBI alone. I believe the one Ixx mentioned on that show is for suppressed ^{ing} assassination evidence.

They are still stonewalling and I'm still building a record of their deliberate-ness in non-compliance so in the end I feel that although the probability is they'll appeal any decision in my favor I'll get much of what I'm after. It will take time.

We've had five status calls already.

I've several times forced the AG to take action. Not against the FBI. ^t only appears that way. When they have no other choice they'll do the minimum. I've forced two recent "internal re-investigations" recently but nothing comes of them without great pressure.

This is an enormously complicated suit because of their efforts to frustrate it so I can't offer copies of records. However, if there is a clear stonewalling record in yours I'd be interested in going over your records to see if they can be used where I think we have the best legal shot of all, in this particular case.

You did not tell me the subject so I don't know if it overlaps one of mine.

But unless a response is required please do not expect it. No time for what I must do.

Thus in several years I have not made any effort to publicized. it is one of the sacrifices I've had to make. I was on the ^{oble} show because of several requests. Generally I do not take the time to travel, which is not easy now, except for paid appearances and then only because I have no regular income.

ood luck in your suit.

Sincerely,

Dear Mr. Weissberg,

I saw you on the New York television program, 'LIKE IT IS' with Gil Noble. I did not get your name so I called ABC in the city and they gave it to me.

I am writing to ask for further information on your suit against the FBI. How did it originate? What has it been successful in accomplishing? Do you think that you might be able to force the attorney general to take legal action against the agency? Have you uncovered and information on the highly questionable assassination of MALCOBM X ?

I, after 16 months of preliminary effort am finally fileing suit in Federal Court against the FBI based on a violation of THE FREEDOM OF INFORMATION ACT. Though I do have legal cousel I am doing a great deal of the proceedural work myself to save money and want to stay in contact with others in a similiar situation.

Good luck with your valuable suit and I hope you continue to publicize your work.

Sincerely

MICHAEL KLEIN
