Dear Mr. Kielty,

I do appreciate your letter. At 84, in impaired health but fortunate to survive all the many illnesses I have, letters like it mean much.

You say you wonder if we will ever know the truth. If by this you mean who pulled triggers, I think we never will.

What was butchered into Case Open was about 20-25% of what I'd written. Before then I'd written NEVER AGAIN! and the publisher sat on it for three years. It begins with the evidence that as soon as Oswald was dead there was a de facto conspiracy not to investigate the crime. I do not know why the publisher did not want an appendix of the actual documents but in the two years since that book appeared I've not heard a peep of complaint from any of those of whom it is so critical. You can get it, if you'd like it, from The Last Hurrah, whose card I enclose. They also have my earlier books along with the assassination trash. *We see what I published, too.*

Your name reminded me of this old letterhead that we've not used for 20 years. It was designed by a woman of your name who lived just outside of Washington in I think Chevy Chase.

I'll enclose the list of the other books. The two that are available in xerox editions only are durable. We are not physically ~~able~~ ^{able} to keep them available any other way and we have not had a single complaint. When ~~we~~ we are as feeble as we've become we can't handle the boxes of books any more. Or use the stairs to the cellar, the only place we have to keep them.

All the records I've gotten by all those lawsuits and all my ~~own~~ ^{own} work will be a permanent free archives in a fine small local college, Hood.

Many ~~thank~~ thanks for taking the time and ~~xxx~~ for what you said.

Sincerely,

Harold Weisberg

Dear Mr Weisberg,

I've just finished reading *Case Open*. I must say that I admire not only the extent of your research and the sharpness of your analysis, but I'm also amazed at your persistence and bravery. I wouldn't want to speculate on exactly how the conspiracy unfolded, or how involved any agencies of the government and/or other actors in this tragedy were, but it is certain (on the basis of the evidence you've presented) that Oswald was not the assassin. One wonders when, if ever, the truth will be told and why it is currently being hidden.

In any event, I wish you every success in exposing what you can in what ever time remains to you. Your commitment makes you a true American hero.

Very Sincerely,

A handwritten signature in cursive script that reads "Patrick Kielty". The signature is written in dark ink and is positioned above the printed name.
