Dear Paul,
I hava just completed the taging of a show with Dave Broxtel. (phonetio) on KPrR, your Paolifica station. In it he told me that yesterday "ark Lane had spoken at TWLA yesterday and in the course of thes appearance had said that Les Payne turned over to him Lea's information on the King assassination. I'fis sure this will be as surprisin, to Les as it is to me.

I would like very much to have a tape of that appearance if one can be obtained. please try if you canoif you see or can obtain amy accounts I'd elso 11 ke them. Litarax his can be very iaportant in preventing another misdirection of effort. With your fepresentative, mrs. Burke, and with othors of the Black aucus, it way help ae protect them fvor what will at the last be emberrassing to them.

Beckuse I recosmiged the call letters as that of a Pacifica station I was blunt and specific. This directness included a challengea for a conference-call confrontation Live broadeast. You'll find no takers and maybe the audionce will racall tilis. Lesst of all will Broxtall present hene and me together, wiether or not live. Lane will not, cortainly, sgree to be broadcast with Eayne, it Payne is in the country long onough for that to be arranged. You can be aure that hes gave "arik nothingo

Also according to Broxtell, Lane says he is already a consultant to this new cominttee. 'serhap, but I think not. If I'a wrong on this re'11 see how lang he is.

This thole masty business if obgcone.
I hope you cen make the efrort to get a tape of his self-gloriffication and that it succeeds. Among its inporiances is the ehance of saviny thoso merburs of the now cocusittee who say want to be mavel. Thes heve been incredibly stuyid ia their is loftier moments.

I have no proof but I hava heari that the houcownogury bouk lins bean contracted, with a decent advance, by Prentias-riall. There are Prontisa units that can be tied in with the cra. Finis may or bay not be relevant.

It is provocativa, isn't it?
Especialiy uhen you consider that this poir has alnaya been ongeged in cialnforwation.
With such friends who leio need of anemeaf
