Gentlemen,

Mrs. Alice Olson informs me that you have sets of the documents you obtained in the case of her late husband already copied and available for \$15.00. I would like two sets, for which I enclose a check for \$30.00. If there is an added charge for handling or postage please let me know and I will send it.

If these prepared sets are not complete, if the other pages present no great trouble for you and do not intrude into the Olson's privacy, I would like very much to get the entire file. They can be useful to me for other than literary purposes.

Because we do not live near the road and cannot see our mailbox, if it presents no difficulty for you I'd rather have the mailing insured. It can come to me 4th class. I enclose an extra dollar to cover the insurance, etc. However, if sending this insured does represent trouble for you, please do not go to the extra bother.

Thank you very much.

Sincerely,

Harold Weisberg
