Dear Robert,

Relet ~~to~~: T.C. Lewellen, The Billikin Courier, Random House/ Popular Library.
Based on the Copenhagen case.

If Dutton is still promoting and you get to Baltimore, you should do the talk show on WJZ-TV, Channel 13 (Westinghouse). I have been out of contact with it for two years. It was produced by a fine guy, Norman Ross. Its moderators were not much, but the present host, younger, wiser (Zenker) seemed pretty good the one time I caught it. They cover most of the state and adjacent Pa., Del. and slightly in DC.

Those in DC are better known and I presume are known to Dutton's people.

If you get to or know you are getting to Baltimore, phone Art Gaiselman at WBAL-TV news and use my name. They have the state's best TV news, Art is a fine guy and a good reporter, and might swing an interview - would be predisposed to.

I presume the media reluctance persists on a national basis anyway.

Unsolicited advice: I ~~may~~ hear that some you might consider the real "critics" in the JFK assassination have been in touch with you. I doubt you are in a position to evaluate most of them. Most are very good people, soft-speaking, seemingly reasonable, and on this subject pretty wild and irresponsible. Not all. Just most.

Greyhound runs here from both Baltimore and Washington, each an hour away, or I can drive to either place and pick you up.

Hope your book is doing well. It should.

Best regards,

Dear Harold,

Really, I never got your messages, not a one of them.

I appreciate your note and would like very much to visit with you sometime.

~~And~~ I'll phone if I am in the Washington, D.C. area.

And you can phone me if you come to L.A. My number here is 889-0429.

I was intrigued by your reference to The Billikin Courier. What is it?

Best and hurriedly,

kaiser
