

Glad to get News-Sun 3/5/74 on appearances Robert Katz, David Williams, Harvey Yazijian in rank commercialism/plagiarism JFK assassination. Katz wrote me when he first got into subject 18 months ago, Yaz. spent about 2-3 hrs on phone. All paranoidal stuff based on usually distorted representations work others. This clip, if story is faithful to presentation, tells me the time spent with Yaz was not wasted for it is a very much subdued version of what they were selling. Much of this remains fecal. I can pinpoint all sources, many me. The insane I can attribute to the right ward. The young don't have to be told the government lies. Telling them tells them nothing. They want to know the fact and from this commercial trio, who don't know it themselves, they don't and can't get that. They spend almost all their time in such apparently quite profitable appearances. Not new at it. They started as soon as they saw first book! Tragic and hateful but nobody can do anything. Thanks.
