Hear both-

We are so glad to hear from you!!!

When we hadn't after writing you several times we'd feared the worst.

Hope things are going well, health and business in particular.

Briefly, we are OK, considering.

I've just home after triple bypass and am getting along very well. It is a form or surgery that for a while weakens beyond communication but that doesn't last and I'm coming out of that phase.

And Lil copes with her arthritis as well as can be expected.

When you've time we like you to bring us up to date.

Meanwhile, have the best possible year.

Love,

So want to keep in touch — drop
us a line some time please
& let us know how things are.

Happy
H  LIDAYS

Best

Art + Jodi Kevin
