

FBI-King Section 57, Serials 4442-4500 & 71 documents, 179 pp.

4442 is incomplete. Maybe by only the last line.

4447 DeLoach and AG had a fight day was caught over whether or not the AG and his staff had been "cut in." Refers to a press release not attached. Finally, when Clark said he had not been informed. DeLoach hung up on him. AND says so here.

4450 has Jerry Ray sending a small money order in Newark's jurisdiction 6/3 report.

Unrecorded after 4453, 6/10/68 Bishop to DeLoach on "erald" rank BuFile 94-63917, and New American library being interested in a King ass. book. Earlier 5/13/68 Bishop memo not provided. Not rejected. Hoover says "right."

4454, Buffalo 6/11/68 Air Tel has RCMP R.y Canada chronology attached.

Ray had correct biographical information on Paul Edward Birdgeman, including both his father's middle initials and his mother's maiden name, (1-2)

Ray obtained his passport (Sneyd) photos under the name of Birdgeman. (3)

From his arrangements with the travel bureau it is apparent he could have booked a flight at least 10 days earlier than his 5/6 reservation.

After Ray made his travel arrangements he moved to the 962 Dundas St. address. (3)

For two days before he left 102 Ossington Ave. there was a letter for him from the Bureau of Vital Statistics and he never took it after he was told about it. (4) So the landlady returned it. (Crazy!)

While Ray wrote the travel bureau he would pick up his passport when he returned from a business trip of several weeks to Capreol, a small town in northern Ontario, "RCMP investigation indicates that subject is not known in that small town nor was there any evidence that he had actually gone there." (4)

He had all the right dope on Sneyd, too. (5) RCMP and WTPA unable to establish how Ray could have known. (5)

Dundas St. Landlady L00 did not see Ray newtween 4/19 19 and 4/26, when he gain paid rent and told her he'd been to Montreal. (5) She then did not see him again until he paid rent again 5/2. On that day he also picked up his passport and his EOAC ticket.

Mrs. L00 did not know he'd gone until 5/10. (6.)

Here is where it is suggested that Ray got the information from the newspapers at the library. (6)

"No logical explanation has been developed as to why subject, once he decided to abandon the BRIDGEMAN identification, continued to reside at the 102 Ossington Avenue West address," particularly because that landlady twice told him about the Bureau of Vital Statistics letter. (7)

They find it "worthy to note" that Ray had "gone through the necessary procedure to obtain the "Sneyd" birth certificate from the Bureau of Vital Statistics in Toronto, even though it was not necessary in connection with his passport request for his obtaining of passage by EOAC to "ondon," and that his beginning to obtain the Sneyd birth certificate was on "exactly the same date on which he had arranged," through the travel bureau, for his Canadian Passport. (7) In fact there was an interval of only six days between the two applications for birth certificates.

Two unrecordeds after 4453 not provided, referred to State Dept.

4457, "limited use," referred to State Department. Not provided.

4459 Congratulations from Holloman and thanks from Hoover, Holloman retired 7/17/64.

4461- Earl Anglin James (Ferrie and Garrison) connected with L00?

4462 ? Bonebrake affidavit for extradition.
