This is a recommendation requesting the Attorney General's authority for the installation of a technical surveillance covering the home telephone of Martin Luther King, Jr., as well as the telephone covering the Southern Christian Leadership Conference, of which King is the President.

You will recall that on 7/16/63 the Attorney General advised Assistant Director Evans that in view of the possible communist influence in the racial situation, he desired that consideration be given to placing a technical surveillance on Martin Luther King, Jr., leader of the Southern Christian Leadership Conference, and Clarence Benjamin Jones, a New York City attorney, who is closely associated with King. The Attorney General indicated he was not concerned with the repercussions if it should ever become known that such surveillance had been put into effect and that he thought it advisable to have as complete coverage as possible.

Pursuant to the Attorney General's request that consideration be given to placing a technical surveillance on King, our Atlanta Office was requested to conduct a survey to ascertain if such coverage is feasible and could be conducted with full security. Atlanta teletype 7/20/63 discloses that technical coverage on King is feasible and can be conducted with full security.

At present there are 58 investigative-type technical surveillances in operation and 6 being installed. The limit is 75.

A separate memorandum requesting Attorney General's authority to place a technical surveillance on Clarence Benjamin Jones has previously been submitted.
