Dear Mr. K.,

In the past I've told you in every way I can that there is nothing I can do about some of the questions you raised with me and that your insistence on some of the evidence is from my work entirely of the past and today meaningless.

But you persists, repeating and repeating.

I can't justify working at least 18 hours a day and not getting the work that needs doing done and repeating and repeating the same things over again with you.

I did receive mailings from you dated February 27 and March 4. But there is work I have had to do for court cases that I have not been able to get to. I therefore did not get to doing anything about your mailings which are really without any significance to me or my work and about which I can do nothing.

Where I could make suggestions that might be of value to you I did take that time.

But I do hope you can understand the difference between your beliefs and the results of these 11 years of the most intensive work I have done.

And without intending to be impolite I do remind you that I do keep working and any waste of time diminishes the work I can do by that much.

If you send me anything that is of value I will of course welcome it. But if you send me what is of no value to me, what can you reasonably expect of me?

Please also understand that I have no income, no support of any kind, no business that makes this work possible, and what this means to one who attempts all this work without income.

Would you want to live that way?

Or be badgered?

Sincerely,

Harold Weisberg

Dear Sir,

I wish to thank you for your letter of 24 Febr. 75 and the copy of the proposed House Resolution N° 204.

My congratulations for your courage; the resolution is brilliant. There is an other aspect in the investigation. It is obvious that a very powerful organization behind the gov^t made a pressure on Warren Commission. It is the absurdity of the ~~theory of the~~ one (magic) bullet theory. Exhibit 385 ^{was} "invented" by Spector (D. A. Phila.). It is in complete contradiction with the FBI photo of the bullet hole in Kennedy's coat. Just one x-ray hidden in Nat. Archives showing the path of the bullet could wreck the whole Report. I wrote 2 letters to my congressman

Hon. Joshua Silberg (D-PA) and I ~~never~~
got the answer. My question was only
who could give me technical explai=
nation of the ballistics of the magic
bullet. Like changing the trajec=
tory in the air. Unfortunately Hon
J. Silberg acts like a scared rabbit.
My wishes in success in your ~~to~~
attempt starting the investigation

Very truly yours

Dear Mr. Kotikov:

This is in further reference to your previous communication to me, regarding my interest in reopening the study of the assassination of President John F. Kennedy.

On February 19, I introduced in the U. S. House of Representatives, H. Res. 204, which, if passed by the House, would create a select committee in the House to conduct an investigation and study of the circumstances surrounding the deaths of John F. Kennedy, Robert F. Kennedy, and Martin Luther King, and the attempted assassination of Governor George C. Wallace. Enclosed is a copy of my statement, as it appeared in the Congressional Record.

The resolution has been referred to the House Committee on Rules of which the Honorable Ray Madden (D.-Indiana) is Chairman.

It is important that you communicate with your own Congressman or Congresswoman, to ask that he or she support H. Res. 204 by becoming a co-sponsor and by pressing for an early hearing on the resolution in the Rules Committee by communication to Congressman Madden and others on the Committee.

Again, thank you for your interest.

Sincerely,

Henry Gonzalez

PROCEEDINGS AND DEBATES OF THE 94th CONGRESS, FIRST SESSION

Vol. 121

WASHINGTON, WEDNESDAY, FEBRUARY 19, 1975

No. 24

U.S. REP. HENRY GONZALEZ ASKS CONGRESS TO STUDY ASSASSINATIONS

SELECT COMMITTEE TO INVESTIGATE ASSASSINATIONS AND ATTEMPTED ASSASSINATIONS

(Mr. GONZALEZ asked and was given permission to address the House for 5 minutes and to revise and extend his remarks and include extraneous matter.)

Mr. GONZALEZ. Mr. Speaker, today I am introducing a House resolution calling for you to name seven Members of the House to a select committee, one of whom you shall designate as chairman, to conduct an investigation and study of the circumstances surrounding the deaths of John F. Kennedy, Robert F. Kennedy, and Martin Luther King, and the attempted assassination of George Wallace.

Under the terms of the resolution the committee is authorized and directed to conduct a full and complete investigation and study of the circumstances surrounding the deaths of these men—a President of the United States, a U.S. Senator seeking the Presidency, a civil rights leader of international prominence, and the attempted murder of the Alabama Governor as he was seeking the Presidency.

For the purpose of carrying out this resolution the committee, or any subcommittee thereof authorized by the committee to hold hearings, is authorized to sit and act during the present Congress at such times and places within the United States, including any Commonwealth or possession thereof, whether the House is in session, has recessed, or has adjourned, to hold hearings, and to require, by subpoena or otherwise, the attendance and testimony of such witnesses and the production of such books, records, correspondence, memorandums, papers, and documents, at it deems necessary; except that neither the committee nor any subcommittee thereof may sit while the House is meeting unless special leave to sit shall have been obtained from the House. Subpenas may be issued under the signature of the chairman of the committee or any member of the committee designated by him.

and may be served by any person designated by such chairman or member.

The committee, under the terms of this resolution, shall report to the House as soon as practicable during the present Congress the results of its investigation and study, together with such recommendations as it deems advisable. Any such report which is made when the House is not in session shall be filed with the Clerk of the House.

Mr. Speaker, I have introduced this resolution after much consideration. It has not been a decision I have made hastily.

It is time that we study all this in retrospect, and with calmness and dispassion.

There are questions to be resolved. I was at Dallas the day that President Kennedy was killed, and I suspended judgment on the questions that arose then and shortly thereafter until Watergate, August 1973, revealed possibilities heretofore considered not possible.

I feel there is a congressional responsibility, and make no mistake about it, there is a great mass of American people and citizens in the world who are greatly concerned. And, I believe that since the national psyche has been traumatized by all of these shocking crimes there is a clear and impelling responsibility for the Congress to discharge.

Congress has never before studied the assassination of any President, but as the elected representatives of the people, I feel that it is clearly our responsibility to do so if there is any indication or reason to suspect that the truth of the circumstances resulting in the murder of a President have not been revealed, and any parties responsible and not previously known have not yet been brought to justice.

No similar period—the assassination of other nationally politically prominent people—has ever followed the deaths of the other assassinated American Presidents prior to John F. Kennedy, and there is a large body of knowledge done by committees and organizations involved in the study of the assassinations

and independent researchers—scholars, journalists, pathologists, and others in forensic medicine—which warrants our attention and at least our attempt to verify.

During the past several months I have become increasingly sensitive to the need to conduct such an investigation, because I have become a rallying point for people from throughout the country who are unsatisfied with the findings of the Warren Commission about the death of President Kennedy.

There has long been a need for further study of this death alone because, as the Gallup poll taken in January 1967 revealed, some 64 percent of the American public believed that more than one man was involved in the assassination.

Study of this assassination or any of the others is not, something which I, alone, or even one small select committee can do. It will take support of a majority of this legislative body, and I hereby call for that support.

We must settle for once and for all in the interest of the welfare of our country and the future of its people the truth of what happened at Dallas on November 23, 1963 and what Lee Harvey Oswald carried to his grave before he had his day in court, and perhaps what Oswald did not know.

We must find out if the President's death was in retaliation to the Bay of Pigs invasion against Cuba, and what connection did Oswald's murderer, Jack Ruby, also dead, have with all of this.

We must find out if there is any connection with the deaths of Senator Robert Kennedy and Dr. Martin Luther King, and why there is any reason for cases of their two assassins to be back in the courts.

There is reason to subpoena E. Howard Hunt and Charles W. Colson, the Nixon assistant, who, according to the Washington Post, called Hunt following the attempted assassination of Governor Wallace to order him immediately to Milwaukee and to break into the apartment of Wallace's suspected assailant.

There are many more disquieting questions to be resolved—so many as to boggle the mind—but they must be answered—with calmness, objectivity, dispassion, and truth.

The above is the statement of Congressman HENRY GONZALEZ, D-TX, H.R. 204 which has been referred to the House Rules Committee.

Dear Sir:

From the enclosed clipping I understand that you are not "Dr. Strangelove's" man. Perhaps you may be able to help me in a couple of matters that are quite important to me. Ever since 1963 I have been keenly interested in the circumstances of J. F. K.'s murder. Like other people I was up against a governmental stone wall. At the present time the Hon. M. Gonzalez (D-Tex.) is introducing the resolution #204 in Congress for reopening the investigation of the murders of both the Kennedys, Martin Luther King, and the attempt on Wallace's life. You will save a lot of taxpayer money by just looking in some of the files of the FBI or the National Archives. Anyway, they will be opened in a couple of years. The Warren Report made a laughing stock of the United States to the rest of the world. Mr. Harold Weisberg of Frederick, Md., author of several books on John F. Kennedy is under surveillance. His mail is intercepted; his room is searched when he is away. People who saw him socially are being fired. Heil Hitler! Heil Stalin!

My second problem is in the opening of the file of Spiro's Economides. Details on the enclosed sheet. The whole staff of the White House (except the main figure) were convicted; one of the principal points was obstruction of justice. How does it concern Government Agencies obstructing justice - like in the case of John F. Kennedy's murder?

Lately a number of donators (organizations or persons) were indicted for illegal donations to politicians. The money goes into the pockets of these politicians. However, I have not heard of recipients being indicted. In common life, receiving "stolen" goods (bribes) is a felony. My Congressman (J. E. Eilberg) could not answer this question for me.

I would be extremely grateful for your attention to both these matters.

Dear Sir:

As Chairman of the Commission investigating the CIA do you intend to limit the investigation to the domestic spying or extend it to the possible link of the agency to the murder of both Kennedys and Martin Luther King? The Warren Commission has had a pistol at its back from a very powerful organization (Dr. Strangelove?). If you put together a couple of exhibits of the Commission, you get an absolutely idiotic and impossible magic bullet trajectory as per enclosed picture. When in 1968 I sent this picture to Garrison (N. Orleans) as an open letter, a couple days later there came a telephone call advising me to get out of my home which will be blown up. Still stands - too many kids around.

The members of your Commission are paid officials. The \$700,000 allocated and paid by U.S. tax-paying suckers is coming as a bonus to the above members? Are they working in the commission at their spare time? Is the work conducted as a circus with testimonies, etc.? Is it not simpler to look through the files - or is it tabu?

I hope you have enough guts and will not follow the path of Warren Commission.

Very truly yours,

Nicholas Kotikov
