Dear Ray,

In going over the proofs of NEVER AGAIN!, a trying experience because again they have been cut, rather it has been, and the editing introduced all kinds of errors, I had to consult the rough draft.

In the course of that I found I have an extra copy of the ^{rough} draft of the Afterword.

I enclose it in the event you'd like to have it.

If not, just get rid of it.

But either way please keep it confidential until the book ^{is} published.

Best,
