Dear Longtons,

Houma heist: French intelligence, for the N.African colons.

These reporters believed that the CIA had fingered the deposit of explosives at the Schlumberger Co. place at Houma, for the use of Bay of Pigsers.

I've never been able to find time to carry the Doubl-Chek stuff farthur. If you see anything I'd welcome it.

Except for the clear indications of CIA connection, there is little solid on Novel.

Best regards,

Dear Harold Weisberg,

I have been interested in the John Kennedy assassination since it happened, and from time to time through the years I have been in contact with you concerning your work. The other day I was looking through Oswald in New Orleans and it occurred to me to ask you if you can now enlarge on something you wrote in that book (p. 401.)

Referring to the Houma munitions burglary you write:

The New Orleans reporters are working on another angle of this operation that involves the intelligence organization of a large European power. I preserve their confidence and will say nothing about it other than that its motivation was fascist.

When the entire ^{story} is disclosed, we may find one intelligence agency burglarizing another and more than one munitions theft.

Are you now able to tell what you hinted at back then? I am still interested in these matters, especially in the Double Chek connection, and I think Novel is an important figure.

If it isn't too ~~inconvenient~~ inconvenient I would very much like to hear from you.

Sincerely,

Marvin Longton
